

## City Departments Open In City Hall Monday

Unless Unforeseen Delays Occur, Various City Departments Will Be Moved from Present Quarters Saturday Night and Sunday Into Reconstructed City Hall and Will Open There Monday Morning.

It is expected that next Monday morning all of the city departments, now housed in the Municipal Building, the Central Fire Station and the water board barn, will be located in the reconstructed city hall. The work of removing the various departments to the city hall is expected to be started Saturday night and will be completed on Sunday, unless there is an unforeseen delay in the present plans.

The city hall was gutted by fire two years ago, and after the insurance adjusters had adjusted the fire loss and the architects had drafted plans for the restoration of the building the contract was awarded to the W. W. Kingston Company of Poughkeepsie, the low bidder on the general contract. They started work on the contract in January of 1927, and the building was expected to be completed and turned over to the city by October of that year.

At first work progressed ahead of building schedule, but then delays began to creep in and the date for turning over the building to the city was advanced from time to time, until finally no one ventured to say when the building would be completed.

### Interior Entirely Remodeled.

The interior of the building has been entirely remodeled, and the third floor, which was never used before the fire, has now been turned into large common council rooms with offices of the main room. The council chamber is the largest room in the building and is one of the finest council chambers in any city hall along the Hudson river.

On the floor below is located the mayor's office, the office of the water board, the city clerk's office, and the offices of the city treasurer and city assessor, which adjoin. These two offices occupy the space formerly used for the common council chamber. The board of public works is also located in its former office on this floor.

### Ground Floor Plan.

The ground floor is the same as it was before the fire with offices for the police department, the board of health, and a large city court room with private offices for the city judge. There is also a cell block for prisoners on this floor and a lounge room for policemen.

The entire interior of the building has been remodeled and Kingston will have one of the most efficient as well as attractive buildings of any city its size in the state.

## Pensacola, Newest Cruiser, Launched

Called a "Treaty" Cruiser Because of Her Relationship to That Pact—Six Other Cruisers of Same Type Being Built.

New York, April 25 (AP).—Uncle Sam's newest cruiser, the Pensacola, was launched at the Brooklyn Navy Yard today.

As the war craft glided down the ways from the forest of scaffolding which had engulfed her, Mrs. Josephine Knowles Seligman of Roslyn, Long Island, a native of Pensacola, broke a bottle of spring water, exclaiming, "I christen thee Pensacola."

The Pensacola, 10,000 tons, is the largest ship to be launched at the navy yard since the war. Her ultimate cost will be \$11,000,000.

She is 565 feet long, has a 65½ foot beam and a maximum draft of 13 feet. Her oil-burning turbines and four propellers can drive her at 31½ knots.

The vessel will be equipped with catapults for launching airplanes and will mount ten eight-inch guns and four anti-aircraft guns. Her crew will number 530 officers and men.

Called a "treaty" cruiser by naval men because of her relationship to that pact, the Pensacola is a sister ship of the Salt Lake City, which was launched recently.

### A Pinocchio Party.

The Degree Team of Charles De Witt Council, No. 31, Jr. O. U. A. M., will hold a pinocchio party in the Municipal Hall on Monday evening, April 29. Refreshments will be served. A cordial invitation is extended to the public to attend.

### Holy Cross Dance.

An entertainment and dance under the auspices of the Girls' Friendly Society will be held in the Holy Cross parish house Tuesday, May 7. It will start at 8 o'clock and close at 12. Zucca's string orchestra will furnish music.

## French Critics Cause Reichsbank To Raise Its Rate

Depletion of Bank's Gold Reserve Said to Have Reached Within \$25,000,000 of Its Legal Minimum—Dr. Schacht Criticized For Failure to Prevent Depletion.

Paris, April 25 (AP).—Severe French criticisms of Dr. Hjalmar Schacht, president of the Reichsbank, for his failure to take steps to prevent depletion of the bank's gold reserve, led today, it was learned in responsible financial circles, to a raise of from 6½ to 7½ per cent in the Reichsbank's discount rate.

The French newspapers, voicing the views of responsible financiers, openly charged that Dr. Schacht was seeking to make the German economic situation appear precarious and unstable as justification for his plea for lower reparations.

This, it was said, was able to do by refraining so long from a raise in the discount rate, which would have tended to check withdrawal of gold and foreign currency from the bank. This withdrawal recently had taken such proportions as even to threaten stability of the mark—under the Dawes plan transfer clause—make possible postponement of the Dawes plan reparations annuities.

It was understood Dr. Schacht would go to Berlin Monday or Tuesday of next week to attend a general board meeting of the Reichsbank. However, as the discount rate is the province of the bank manager he might have given his approval to the raise today over the telephone.

There were suggestions here after the meeting of the reparations transfer committee yesterday that S. Parker Gilbert, agent general for reparations, would ask the Reichsbank to raise its rate to check the drain of its gold reserve, which was said to have reached within \$25,000,000 of its legal minimum. This depletion threatened to bring into operation the Dawes plan transfer clause which could postpone indefinitely a part or all of the reparations annuities.

Gilbert, however, in a statement today denied that either he or the Dawes plan transfer committee had expressed an opinion to Dr. Schacht with reference to a raise in the Reichsbank discount rate.

He declined to make further comment on the situation.

## 4,000 At Mercy of The Mississippi

Huge Drainage District Protected by Single Levee Faces Danger as River Rises Again—Residents Camp in Tents Along Bluffs.

Quincy, Ill., April 25 (AP).—The homes of 4,000 persons and the safety of more than \$4,000,000 worth of property lay at the mercy of the Mississippi today, and the prospects of compassion from the mighty river seemed slight.

Rain poured last night into the rivers to the north in Iowa, Illinois and Missouri after heavy showers the day before had caused a six-inch rise at Keokuk, and the government observer here said the river unquestionably would rise again.

A sensation was caused in the flood region last night by the statement that danger faced the Sni drainage district, just below the now-flooded South Quincy tract. The Sni area, heretofore believed entirely safe, comprises 110,000 acres and is said to be the largest drainage district in the world protected by a single levee. Approximately 600 families live there.

Veteran flood observers said a break in the Sni dykes would cause damage that might reach \$3,000,000.

Damage Already Reaches Millions. Already a million dollars damage has been caused in the neighboring drainage tracts by the floods which started in March and have broken all records as far back as 1851 for height and duration.

Water had entirely covered the South Quincy tract this morning and the recent residents were camped along the bluffs in tents furnished by the Red Cross, or were staying with friends.

From the river, looking in toward the district, one saw nothing but water and partly submerged houses. The dike break at close range looked like a raging rapids, sucking in the water from the Mississippi which swept along in its main channel at least 12 miles an hour.

## Democrats in Senate Not Bound On Debuture Plan

Party Caucus Attended by 31 Democratic Senators—No Attempt to Bind Members For or Against Any Particular Provision of Farm Relief Bill.

Washington, April 25 (AP).—A decision not to attempt to bind all Democrats in the Senate to the export debuture plan as a part of farm relief legislation was reached today at a Democratic caucus attended by 31 of the 39 members of the party in the Senate.

While nothing has been said officially as to what attitude the Democrats in Congress, as a party, would take on farm legislation it is known that a number of members have been conferring informally on the question.

Some members have insisted that the minority should line up behind the export debuture plan in the Senate bill. Whether this view musters widespread support is not known.

An attempt, however, has been made in some quarters to have the minority in the Senate and House agree upon a plan of action so that united front could be presented during the consideration of the farm bills.

The conference also decided it would not be practicable to attempt inclusion of the equalization fee in the farm bill.

### Senator Robinson Explains.

After the conference Senator Robinson, of Arkansas, the Democratic leader, said the meeting was called primarily to discuss the farm relief bill before the Senate.

"It is not contemplated," he declared, "that any attempt shall be made to bind the membership of the conference to vote for or against any particular provision of the measure."

"The discussion in the conference disclosed many senators in attendance to believe that the incorporation of the debuture plan will prove immediately helpful."

"The relation of the tariff to the subject of farm relief is recognized in view of the President's purpose to ask revision of some schedules. My personal feeling is that it is probable the farm situation will be made worse as a result of tariff legislation at this time."

"Unless the debuture or some similar plan is made possible, the result of any tariff revision that may be fairly expected will be to increase the cost the farmers must pay for the necessary manufactured commodities."

Equalization Fee Not Practicable Now. "While some members of the conference believe the equalization fee is a better plan than the debuture proposal, it is not believed practicable now to attempt to secure its incorporation in the farm bill."

"It is expected that further conferences will be held from time to time in order that Democratic senators may become acquainted with the viewpoint of their associates and function intelligently."

The chairman of the conference (Senator Robinson) was authorized to request the cooperation of the interstate commerce committee and other senators in relation to emergency amendments to the flood control act of 1928, particularly with respect to compensation for sewage rights in spillways and emergency protection works on tributaries.

### THREE ARRESTED ON CHARGE OF THIRD DEGREE ASSAULT

Jack Vernoy, Andrew Comback and Edward Kidney were arrested by the police on a warrant sworn out by Cleveland Thomas of 111 Abeel street, charging the three men with assault in the third degree. According to Thomas he was held by Kidney and Comback while Vernoy struck him. This morning in police court all three pleaded not guilty and the hearing was adjourned to Wednesday. All of the men, with the exception of Kidney, are negroes.

### VOTE ON HEFLIN RESOLUTION FRIDAY

Washington, April 25 (AP).—Senator Watson of Indiana, the Republican leader, announced in the senate today that he would ask for a vote tomorrow on the resolution of Senator Hefflin of Alabama asking the senate to express regret for the treatment accorded the Alabamian while he was making a Ku Klux Klan address in Brockton, Mass., March 18.

Arrested at Highland. Herman Feldt was brought to the Ulster county jail on Wednesday evening by Sergeant Lockhart of the State Troopers to be held for a hearing on a charge of operating an automobile while he was in an intoxicated condition. The alleged offense was committed in the town of Lloyd and Feldt is said to have struck another auto and did some damage. This morning he was taken before Justice Harold Lent at Highland for a hearing.

### Bankruptcy Petition Filed.

New York, April 25 (AP).—The Federal Securities Corporation, in which the late Frank M. Ferreri, president of the defunct City Trust Company, was interested, today filed a voluntary petition in bankruptcy in federal court. Assets or liabilities were not listed.

## Borah Answers Hefflin With Plea For Tolerance

Alabama Democrat Interrupts Farm Relief Debate With Demand for Senate Action on Resolution Condemning Bottle-Throwing in Massachusetts After a Klan Speech.

Washington, April 25 (AP).—A plea for religious tolerance and adherence to the spirit of the constitution in the answer of Senator Borah, Republican, Idaho, to the latest effort of Senator Hefflin, Democrat, Alabama, to have the Senate condemn the treatment accorded him after his Ku Klux Klan speech last month at Brockton, Mass.

The Idaho Senator's appeal was made late yesterday after Hefflin had interrupted the farm relief debate in the Senate with a demand for action on his resolution condemning the Brockton incident, during which a bottle, hurled at him as he was leaving the hall after his speech, hit a policeman.

Citing a statement by the Alabamian that his resolution "determines the position of the United States Senators as to whether they are for the American government or for the Roman Catholic Church," Borah asserted that it therefore "can have only a political effect, or what is worse, a religious effect, and in no sense do what the Senator wants to accomplish."

Pounding his desk, the Idaho Senator continued:

Room for All Creeds. "It was the idea of the fathers that in the broad confines of this government, and within its generous purposes, there was to be room for all faiths, all creeds, all beliefs. The only thing required of them was that in their professions and practices they should conform to the teachings and principles and authority of free government."

"It is the duty of this generation and this assembly here, and the generations which shall follow, to preserve this principle of religious freedom in spirit and in letter; to preserve it and cherish it as one of those things which we will not permit to be challenged, one of those things which, as a free people, we dare not let die."

He recalled the constitutional stipulation that Congress shall make no law respecting an establishment of religion or interfering with the free exercise of religion and that no religious test shall be required as a qualification for office, and went on:

Asks Hefflin For Evidence. "I do not for a moment wish to question the sincerity or the patriotism of the senator from Alabama, but I appeal to him when he says that the senate of the United States must go on record either for Americanism or Romanism, that he present to his body the legal prerogative facts which show that Romanism is undertaking to assail the government of the United States."

"He may find an individual here and an individual there who announce doctrines with which we disagree. I will find them in any church on earth. But I know that the great body of Catholic people of the United States are not arrayed against the constitution or government of the United States."

Hefflin Clashes with Watson. Borah's speech was preceded by a clash between Hefflin and Senator Watson of Indiana, the Republican leader, who had objected to consideration of the Alabamian's resolution while the farm bill was before the Senate. Hefflin, "shocked at the opposition of Jim Watson to this resolution," said he understood the Indiana senator "was one of the finest old horse-men in the Ku Klux Klan." This brought such a vehement denial from Watson that before the exchange ended Vice President Curtis had to call for order.

Watson said he opposed the resolution because it would have the senate act on a matter affecting "Tom Hefflin, the private citizen, engaged in private business, for pay." Hefflin said he was going to make his speeches in every state, including Indiana, and insisted that "Romanism" and Americanism are in conflict in this country.

## Upriver Tows Running Again

After being tied up since Sunday by the high water in the upper Hudson river, the upriver tows started running again on Wednesday afternoon as the water had subsided sufficiently to make it possible for the tows to run. The water is still from two to three feet above normal in the upper river. One of the tows had been tied up at New Baltimore and another at Kingston Point since last Sunday.

### Fowl Sale Saturday.

The Ushers' Club of the Wurts Street Presbyterian Church will hold a fowl sale at the Van Wageningen store on Saturday afternoon, April 27, from 2 to 5 o'clock. The proceeds of the sale will be for the calendar fund of the church.

### Patrolman Disappears.

Patrolman Clarence West of the Poughkeepsie force disappeared Tuesday after a heated argument with his wife. He has not been heard from since.

## Yacht Rescues 10 of Crew Adrift On Atlantic 9 Days

New York, April 25 (AP).—After floating nine days in a life-boat 10 members of the four-masted schooner James E. Coburn, which foundered April 17 when 250 miles north of Bermuda, were picked up this morning by the yacht Amida about 650 miles east of Cape Hatteras, N. C.

The Amida also picked up the body of the cook of the schooner, who died last night of exposure. He was buried at sea. The food supply was exhausted and the men had gone without water for two days.

News of the rescue was received in a wireless message by the Radio Corporation of America.

The message read: "Schooner James E. Coburn, owner J. Fonseca, New Bedford, founded 250 miles north of Bermuda, April 17. Crew picked up 10 Greenwich meridian time, latitude 34.25 north, longitude 64.35 west. Names of survivors, Master J. Pereira, Mate Edward Rice, Engineer W. Milliken, Mess Boy Eugene Seidold, Seaman Joseph Delgado, Manuel Silva, Henry Adres, R. Monterro, Boatswain John Britto, Purser Joseph Maduros, Cook W. Sargent died from exposure last night. Crew in lifeboat nine days. (Signed) 'Master Yacht Amida, McLoughlin'."

The rescue ship is owned by Ernest R. Dehrend of Newport, R. I., and Erie, Pa. Dehrend is president and general manager of the Hammermill Paper Company of Erie. He is a member of a number of clubs in Erie and in Newport, including the Erie Yacht Club.

### POPE ORDERS COINAGE OF NEW VATICAN MONEY.

Rome, April 25 (AP).—The Pope has given orders for coinage of new Vatican money. The Tribune says today that the first coins will be 20-lira gold and five-lira silver pieces.

The money will be principally used for the purchase of Vatican stamps at the postoffice to be established within the Vatican City, for payment of admission charges to art galleries and similar institutions, small fees, etc. The coins will be used also in Papal territory outside of the Vatican.

Vatican employees, however, still will be paid in Italian currency.

### BELIEVED THAT MEXICAN FORCES ARE FIGHTING

Mexico City, April 25 (AP).—"Bloody" fighting between 1,000 so-called religious rebels and the federal army of General Eustaquio Cedeño at Tepetitlan, Jalisco, was believed still in progress today after three days' sanguinary conflict.

Shouting their battle cry, "Vive Cristo Rey"—"Long Live Christ, King"—the beleaguered rebel force was said not only to have repulsed federal attacks with hand to hand and bayonet fighting but to have inflicted reverses on the government troops.

### FRACTURES SKULL ON ROLLER SKATING JOURNEY.

Buffalo, April 25 (AP).—A little Lackawanna girl's roller skating journey from that city to Buffalo last night may prove fatal for her. Anna Crosta, 12, and two companions skated along the pavement into the city but when they started homeward they decided that more speed was necessary.

They "hitched on" to the first slow-moving automobile that went by. Anna lost her footing and fell, fracturing her skull. She is in a critical condition at the Lackawanna Hospital.

### Woman Masquerader Sentenced.

London, April 25 (AP).—Mrs. Irma Valerie Arkell-Smith, London's woman masquerader who for many months passed as a "man about town" under the name "Colonel Barker," was sentenced to nine months imprisonment at Old Bailey today on a charge of perjury in causing a false statement to be entered on the register of her marriage with another woman.

### Our Growing Population.

The following births have been reported to the board of health: Mr. and Mrs. Augustus J. Winter, 93 Foxhall avenue, a son, Eugene John, at Benedictine Hospital, Lincoln Park, a daughter, Joan Edith.

Mr. and Mrs. James A. Penaro, 352 Broadway, a daughter, Maria Doris.

### Vaccination Recommended.

Paris, April 25 (AP).—The French cabinet today recommended vaccination against smallpox to all French people as a precautionary measure.

Louis Louchere, minister of labor and hygiene, at the morning session of the cabinet asked action to this effect in a resolution which was promptly adopted.

### Killed Near Rhinebeck.

Joseph Whalen, 28, of Millbrook, was killed Tuesday night when the automobile in which he was riding crashed into the auto operated by Arthur Dougherty of Schenectady. The crash occurred near Rhinebeck. Coroner Card has opened an investigation.

## Little Julius Had Bad Dream

It Caused Him to Imagine His House on Home Street Was Being Robbed and He Notified Ben Suskind Who Called the Police.

It was shortly after 11 o'clock Wednesday evening and Ben Suskind of the Merchants Credit Association sat in his home at 109 Home street reading the evening newspaper when there came a rap on the outer door. Mr. Suskind glanced at his watch and noting the lateness of the hour, wondered who wanted him at that hour.

Answering the knock he found Julius Kline, 12 years old, of 96 Home street, clad in his pajamas, standing on the doorstep. "What the dickens," said Mr. Suskind, or words to that effect.

Then he invited Julius to step in out of the night air and Julius, complying with the invitation began to unfold a vivid tale of how he awoke to find his parents absent and some strange man busy robbing the house.

Mr. Suskind promptly stepped to the telephone and called up police headquarters and informed Sergeant James V. Simpson of the matter. The sergeant assigned Officers Relea and Harnen to the case and they hurried to the Suskind home and the party set forth for the Kline residence.

As they approached they were somewhat surprised to find the house brilliantly illuminated and voices engaged in conversation.

Mr. Suskind and Officers Harnen and Relea scratched their heads perplexedly. "Something funny here," murmured one of the officers.

They entered the house where they found Mr. and Mrs. Kline and the other members of the family. "What's the trouble?" they asked Mr. Kline, who looked mystified.

"Have you been robbed?" asked the police.

"Robbed?" echoed Mr. Kline, "why we have been here all night."

It then developed that they had put Julius to bed some time before, but evidently the boy had been visited by an extremely vivid dream.

How he had gotten out of the house the parents were unable to explain.

Julius was then again tucked into bed with the admonition to remain asleep this time and not go roaming around the neighborhood. Mr. Suskind returned to reading his newspaper, while the two officers returned to police headquarters.

## Hughes Wants U. S. in Court

Would Bring in United States Through Medium of Formula Worked Out by Elihu Root—Opposes Alliances but Not Conferences.

Washington, April 25 (AP).—Charles Evans Hughes today stood publicly aligned with those who would bring the United States into the World Court through the medium of the formula worked out at Geneva by Elihu Root and tentatively accepted by other world powers.

In his address as president opening the twenty-third annual meeting of the American Society of International Law last night, Mr. Hughes emphasized that judicial action is the indispensable requisite of any legal order and presented comprehensive arguments favoring American adherence to the court. He spoke on "Institutions of Peace" and recognized the negotiation and ratification of the Kellogg Treaty for the renunciation of war as the outstanding event of the year.

He said he did not care to discuss that article of the treaty regarding renunciation of war as a national policy, but declared in his opinion the real promise of peace lay in the second article, by which the signatory powers pledged themselves to solve all disputes and controversies by pacific means.

Citing that the United States is not a member of the League of Nations and cannot participate in its activities, Mr. Hughes asserted that it can participate in international conferences in the interests of peace.

"Alliances," he declared, "are opposed to our policy; conferences in the interests of peace are not."

"If we were to support the permanent court of international justice and if we were to supplement the Kellogg Pact by a treaty for conference and consultation, similar to the pacific treaty, should we not be taking entirely practical steps for the building of the institutions of peace without violence to any of our cherished traditions?"

## Dr. M. J. Michael, Superintendent of Schools and a member of the Y. M. C. A. campaign executive committee, addressed the workers at the report meeting this morning. He related the story of two boys who had come under his observation and whose home environment was worse than no home at all.

"The one chance these boys will have to become decent, respectable citizens, will be through the Y. M. C. A.," stated Dr. Michael, "and if the Y. M. C. A. can reach out and reclaim them for society it will be worth all it costs and the people of the community who generally contribute of their means will not have done so in vain."

The Hi-Y Club orchestra furnished music during the breakfast and Alton Shader and Robert Strickland rendered vocal and violin solos respectively. This organization is making a name for itself during this campaign through the effective way in which the members are getting after and securing subscriptions.

The executive committee produced two live chickens to be awarded tomorrow to the highest team. In response to this offer Captain Frank Van Deusen of team 13 challenged the whole organization to beat "Team 13" tomorrow.

General Chairman Seeley made a very strong appeal to those who for any reason had as yet made no report. "To pull their share of the load during the remaining hours of the campaign."

Following is the standing of the teams to date: Division A, Manager Baltz—Team 1, Captain St. John, \$148; Team 2, Captain Martin, \$705; Team 3, Captain Decker, \$125; Team 4, Captain Wolfenstein, \$378; Team 5, Captain Finley, \$485.

Division B, Manager O'Reilly—Team 6, Captain Byrne, \$509; Team 7, Captain Finerty, \$299; Team 8, Captain Carey, \$260; Team 9, Captain Wesley, \$314; Team 10, Captain Rice, \$149.

Division C, Manager Niles—Team 11, Captain Dressel, \$285; Team 12, Captain Rowland, \$427; Team 13, Captain Van Deusen, \$401; Team 14, Captain Thompson, \$680; Team 15, Captain Elston, \$258; Hi-Y Division, \$388.

Executive committee, \$3,545. Manager Niles' Division C still holds the High Division banner, having won it again this morning. Team 14, Captain Frank Thompson, took the Tigh Team banner away from Team 4, and Wesley Thompson of Team 8 took over the High individual pennant.

## Maverick Theatre In New Hands

Believing that there is a real need for a good legitimate theatre in Woodstock, Gladys Hurlbut, E. J. Ballantine and Allen de Lano have leased the Maverick Theatre for all next summer. The lessees, all of whom have had many years' experience in the commercial theatre, plan on running the Maverick along the lines of a regular city theatre and hope to draw audiences from all of the surrounding country, including Kingston and Saugerties.

The stage at the Maverick has been enlarged, also a big workshop with a paint frame has been added, where new productions for each play will be designed, constructed and decorated.

### FATTEST MAN IN EUROPE SHOOT HIMSELF FOR LOVE.

Budapest, Hungary, April 25 (AP).—Martha Srich, a prominent butcher weighing 425 pounds and frequently described as the fattest man in Europe, shot himself today for love of a woman one-fourth his weight.

Srich, who is six feet seven inches in height, had to be taken to a hospital in a motor truck as no ambulance would accommodate him. At the hospital his weight broke down an operating table and no bed could be found large enough to accommodate him.

New York—Lindbergh benedict intends to soar just the same as Lindbergh bachelor. "It is a pilot has been properly trained," said the colonel, "he is just as good when he is old as when he was young." Always an aviator can fly as long as he can drive an automobile.

London—It is unnecessary to make hay while the sun shines, in the opinion of Horace Matthews. It can be made without sunshine.

Matthews does it by electricity on a farm of 200 acres in Sussex, where he is experimenting. He uses ultra-violet rays on hens and pigs.

Budapest—Two Hungarian tribes have been discovered in India by Stephen Gildard, archaeologist. He also found the ruins of an ancient palace with data indicating that Huns owned it. He believes the tribes are descendants of Magyar Nomads who went to Europe with Attila 1,500 years ago.

New York—The future of Elsie Janis is up to America. She contracted to write dialogue for the talkies. "I warn Americans," she said returning from Europe, "that if they don't help me to be a writer I am going to keep on the stage."

New York—Our everyday speech is becoming staccato and brief because of our mechanized age. So professor George Pierce Baker of Yale told the American academy of Arts and Letters. The influence of all our time-saving, distance-killing devices is evident in most of the conversation he overhears.

Washington—Dr. Royal S. Copeland, senator from New York, believes that medicine ball is too strenuous for Mr. Hoover, and tennis for Mr. Stimson; that golf is the ideal game for a man over 45. Mr. Hoover doesn't play it. Nevertheless the doctor has found the president to be in the best of shape.

New York—Virginia Willys, helms to a great fortune made in automobiles, is envied by other debutantes. Her debut, her engagement and a presentation at court all are in the same season. She is to wear a Prince of Wales plume at Buckingham Palace May 9. Her engagement to Luis De Aguirre of Argentina, descendant of a conquistador, was announced shortly after her debut.

New York—An admirer has sent Marion Talley four chicks as a start in farming.

**ELECT OFFICERS TONIGHT AT FIRST DUTCH CHURCH MEETING**

The annual congregational meeting of the First Dutch Church is to be held this evening at 7:30 o'clock. The main purpose is to elect officers for the opening year. The outgoing elders are Clarence H. Schoonmaker and E. E. Fessenden. The outgoing deacons are Howard R. St. John and Robert H. Boice. Under a rule adopted by this church and which is now in vogue in most churches, the retiring officers cannot succeed themselves. This serves to bring a larger number of men in the management of the affairs of the church. Officers of the various societies will give brief reports at tonight's meeting.

**YOU** often hear the claim "A complete line of trucks". Many use the words. Now look at a few facts and figures. We believe they give that statement some meaning. If there is any truck requirement that is not met by this complete line of General Motors Trucks, we'd like mighty well to know about it.

Come in and see these modern trucks, and get a first-hand idea of the values they offer. Make use of our experience in all fields of commercial transportation—it's yours for the asking.

## "THE BOOK OF THE MONTH"

By John Canoe

John Canoe

of the case, this much is clear: American cities, like as well as the "back towns." They all demand the best, and if they don't get it, there will be trouble for somebody.

In eight years the production of grapes in California has grown from one to two and a half million tons, owing to the shipment of grape juice and grapes for home-brewing to all parts of the country. Naturally the announcement of a coming government survey of this business caused dismay in California, but a large measure of reassurance followed when Assistant Secretary of the Treasury Lowman let it be known that "the sale of grapes or grape juice to private individuals for use in their homes will not be investigated."

W. T. Cox of the Upper Mississippi Refuge reports that hundreds of grey, fox and red squirrels are frequently seen swimming across the great river, all with their bushy tails "sticking straight up as if to keep them dry," until they get tired and then the tails drag in the water, making progress slow and steering difficult. Presumably tail clipping before swimming has not yet occurred to even the most up-to-date squirrel, but it is plain that he knows a lot, including the straightest course toward his chosen destination.

## THAT BODY OF YOURS

## FREEDOM OF THE FEET.

A great military leader once said that winning battles was due to "getting there first."

Another said "The army that marches best, other things being equal, is the successful army."

In the final examination of the men before they left for the front the examination of the feet was just as thorough as of the heart.

Why? Because it has been found that as many as one in ten are unable to "carry on" because of foot injuries that are due, not to deformities, but to carelessness or thoughtlessness in the care of the feet.

And the cause of most of the foot troubles was the wearing of shoes that were too small.

As a matter of fact the way to really think about your foot is to think about it from the standpoint of the hand.

The toes have as many little bones as the fingers, the foot proper has as many bones as the hand, and the ankle has almost as many—just one less—bones as the wrist.

Now how do you treat your hand? In the warm weather you keep it absolutely free even of covering, and in the cold weather you put on mitts or gloves as a protection against the cold, but the fingers, hand and wrist, are all free to do their work. Now as a matter of fact your foot has the same little ligaments holding bones together, and also muscles and tendons that pull on these bones and thus allow the foot to move in various directions. And it is these muscles that hold the bones in position to support your weight.

Now how do most folks think of the feet?

Simply as a support that needs a leather shoe to bind the front part of the foot, corresponding to hand and fingers, into a small solid space. Nature meant this part of the foot to be free and moveable. She supplies us with two arches, one we call the instep, and the other supporting the ball of the foot.

What is my thought? That in buying shoes the idea should be to have this "front" part of the foot able to move freely, so that all the muscles will have a chance to work instead of being bound as in a vise.

The shoe should fit snugly about the ankle because the ankle bones are used to support the weight.

## TWENTY AND TEN YEARS AGO.

April 25, 1909—Mrs. Albert K. Contant died at her home on Auburn street.

Elmer E. Horton died in New Haven, Conn.

Miss Mary E. Brethaupt and Harvey F. Cook, both of Glasco, married at Flatbush.

April 25, 1918—Body of Alfred S. Russ of Rhinecliff, missing since April 11, found floating in Rondout creek.

Mayor Canfield's amended city charter bill, which, among other things, fixed a salary of \$5 a meeting to the aldermen, was unanimously adopted by the common council.

The Rev. Frank B. Seelye elected president of Ulster County Sunday School Association at the 57th annual convention held in Ellenville.

"King's English"

It is the King's English just as it is the king's army, the king's navy and the king's country. Everything in the tight little is subject to him, in theory at least. The expression is proverbial. It is sometimes credited to Shakespeare because of his use of it in the first act of "The Merry Wives of Windsor," but it antedates him.

According to Coleridge

We might add that if the atom ever gets divided, as scientists predict, it will not be divided by a scientist. It will be divided by a waitress.—Atlanta Globe.

## NEW PALTZ

New Palz, April 25.—Mr. and Mrs. Harry Eltinge and son have been guests of Mr. and Mrs. Harold Jenkins at Clintonville. On Sunday they motored to Bridgeport, Conn., and called on Mr. Eltinge's sister, who is in the hospital.

Mr. and Mrs. Walter Hasbrouck and son, Richard, of Grove street, were among guests entertained at Mr. and Mrs. Delancey Hasbrouck's at Ohioville on Sunday.

Mr. and Mrs. Frank Elliott, Mrs. Horace Elliott and friends of Clintonville spent Saturday in Kingston.

Miss Mary C. Freer of South street returned from Florida last Saturday and is spending a while with her niece, Mrs. Eli DuBois.

Thursday night the Outing Club held their quarterly non-compulsory meeting. In a short time they are staging a highly novel event, a cross-country run.

Mr. and Mrs. Edward MacLauri are spending a few days in New York.

Mr. and Mrs. Jay LeFevre entertained the evening Auction Club at their home Thursday.

Mattie Churchill spent the week end at her home on the New Palz and Highland road.

Magdalene Deyo has returned to her home in the Adirondacks after a short visit with her brother, Robert Deyo.

Dr. Lawrence H. Vandenberg attended a Convention of Normal School principals in New York Thursday and Friday.

Mrs. Lawrence Osterhout and daughter, Gertrude, have returned from a trip to the south.

Mrs. Frank J. LeFevre, Mrs. Lawrence H. Vandenberg, Miss Martha Anderson and Mrs. Abram E. Jansen attended a Home Bureau lecture on interior decoration at Stone Ridge Thursday.

Miss Helen Wells, who is ill in the Kingston Hospital, is very much improved.

The Women's Foreign Missionary Society of the Methodist Church met at the home of Mrs. Frank Guinac on Friday afternoon.

Mrs. Alexander's sister, Miss Edith Carter, is in the Sahler Sanitarium, having had a nervous breakdown.

A son and a daughter, William Joseph, were born to Mr. and Mrs. Francis Boland on Tuesday.

Last Friday night Joe Connolly represented the New Palz Independent and Times at the championship basketball game held in the state armory at Poughkeepsie, between the Original Celtics and the colored champions, the Renaissance.

The game was won by the close score of 32 to 30 by the colored champions. Some very clever teamwork by the Celtics was the feature, seen on the sidelines, by Louis Ackert, Jay Zimmerman, Al Anderson and Ray Morris of New Palz.

Miss Deane of the physical training department at the Normal is in the Kingston Hospital, having been operated upon for appendicitis last Saturday. She is now doing very nicely.

The regular meeting of the Junior "Lit" Society of the Normal was held Monday, April 15. There were a small number present so the entire group adjourned to College Inn and there staged an impromptu and festive affair, enjoying refreshments and dancing.

Mrs. Lewis Ten Hagen was a visitor in Kingston Wednesday to attend the wedding of her niece, Martha Greenburgh, to Otto Miller at the Lutheran Church.

The dinner held last Wednesday at the little white chapel in Springtown was a success. Over 150 diners were served. Many people from home attended and enjoyed both the dinner and entertainment which followed.

Mrs. A. G. Stadelmann, the president of the Ladies' Auxiliary, with her sister cooked and served the dinner. Jesse Deyo was chef. The program began by Mrs. Charles Staats singing "Amongst the Whispering Pines," followed by others.

Dr. Fleming of Gardiner, the official veterinarian of the state of New York, came again to this vicinity the

past week and tested the dairymen's cows. They were found to be 100 per cent clean and no reaction. The owners are proud of their nice stock and accredited herds. Among herds tested were those of Timothy Sullivan, Jesse Deyo, Harry Eberle, Charles Staats, Henry Mertz, Perry Minard. All their cows passed.

Some of these cattle will be on exhibition at the next county fair. Dr. Fleming states one will have to travel far to see such fine stock.

A joint meeting of the Ulster County Post of American Legion and Auxiliary was held in the post rooms of Sullivan-Shafter Post, No. 176, at New Palz on Thursday evening.

There was a large attendance in spite of the dense fog which made traveling dangerous. Kingston, Saugerties, Phoenixia, Ellenville and New Palz were well represented.

Presidents of the units gave splendid reports of work accomplished during the past two months. Mrs. Ida Ashby, third district chairman, gave a very interesting talk on the Veterans' Mountain Camp and told of the need of funds and her plans to raise money for the camp. Several important bulletins were read, which included a request from National President Mrs. Picken for cooperation on the special rehabilitation work for which the Ulster county committee voted to send ten cents per member on the basis of 420 paid up members for 1928. Mrs. Hickey reported that the appeal for action on Amendment Law 75 had been put through, Senator Wicks reporting that the law had been passed. After listening to a very interesting talk on "Radio" by Jack Morris, president of the chamber of commerce of Walden, N. Y., delicious refreshments were served.

The Home Bureau met at the home of Mrs. G. Wurts DuBois on Thursday afternoon.

Mrs. Loughran Smith and little son of Kingston have been spending the past week with Mr. and Mrs. Irving D. Sutton.

Mrs. Jeremiah Schoonmaker is visiting her granddaughter, Mrs. Herbert Soule, at Hartford, Conn.

Frank L. Shappe has had his hotel painted.

The Misses Marjory and Helen Jayne of Goshen spent last week end with their parents near here.

William Bernard is painting the post office building in Gardiner.

Edward Davis of Stone Ridge has been visiting his brother, Harry, in Libertyville.

William Carroll caught four large eels and six bullheads, a chub and two suckers during the week.

Mr. and Mrs. Bert Wright and daughters, Lulu and Mildred, and two of their nieces motored to Ellenville and visited Mr. and Mrs. Gabriel Curry. On their return home they were accompanied by Mrs. Wright's father, Elmer Inghram, who had spent a few days at the Curry home.

Mr. and Mrs. Horace Elliott and Mrs. Frank Elliott spent the past Sunday with Mr. and Mrs. Grow Thomas in Clintonville.

Mr. and Mrs. Schuyler William DuBois Grimm at Modena.

Mr. and Mrs. Leston DuBois were among the many guests entertained by Mr. and Mrs. Rufus Jenkins at their home in Modena on Sunday last.

Mr. and Mrs. Luther Terwilliger were visitors in Modena last Sunday.

Miss Dora Vandenberg has

## Another Musical Treat at Trinity

Sunday afternoon at 4 o'clock Trinity Methodist Church will again present a musical program that no one who enjoys music can afford to miss. Besides the choir members there will be a group of violinists played by Leonard H. Stine, supervisor of music in the city schools, and a group for a string quartet assembled and directed by Mr. Stine. The ensemble is composed of Mr. Stine and Bernard Kramer, first violin; Miss Eva Clinton and Warren Ingalsbe, second violin; Miss Anna D. Quimby and Richard Cole, cello; and Miss Eunice Mae Shaban, piano.

An augmented choir of excellent balance and quality will also render special numbers of interest under the direction of Miss Harriet A. Spink, and accompanied by Miss Eunice Shaban at the piano and Charles Z. Shuts at the organ.

The program follows:  
Prelude—"The Heavens are Telling" (from "The Creation")—Haydn  
Invocation, Rev. H. L. Whitney, pastor  
Praise Ye the Father—Gosses Choir

Pastor's prayer.  
Response—Let the Words of My Mouth—Rogers

Group for violin.  
Andante con moto (Romance) from Concerto No. 2—Farrar

Nobody Knows de Trouble I've Seen (negro spiritual), arr. by C. C. White—Mr. Stine

Scripture reading.  
Offertory—Agnus Dei—Bisset

Miss Spink and Mr. Stine.  
God is a Spirit (from "The Woman of Samaria")—Bennet

Women's voices.  
Group for string sextet.

Intermezzo (from "Cavaleria Rusticana")—Masagnì

Les Deux Ankes—Blumenthal

Sextet (from "Lucia di Lammermoor")—Donizetti

The Radiant Morn Has Passed Away—Woodward

Choir.  
Benediction.

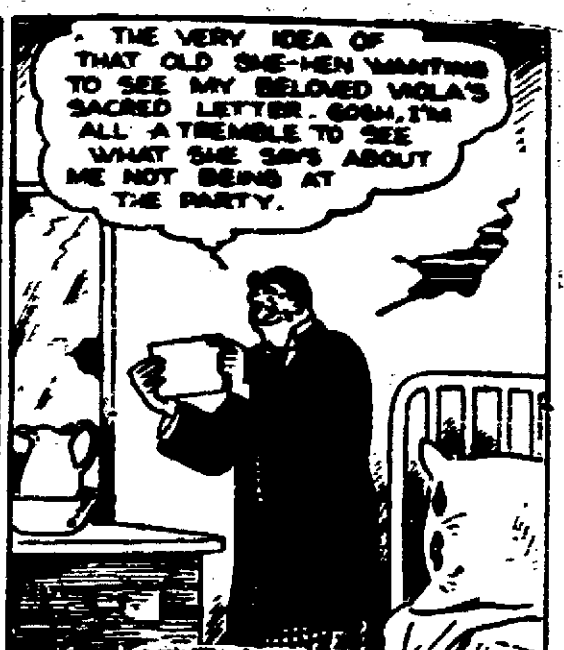

Sevenfold Amen—Stainer

Postlude—Pomp and Circumstance—Elgar

Mr. Shuts.  
Piano loaned through the courtesy of Frederick C. Winters.

Early presence of porpoises off the Maine coast presages an early and abundant run of sardines, packers declare.

## GAS BUGGIES—A Letter For Alce.

## LAST NIGHT on the RADIO

While there was some fading at times on WGY and WJZ reception Wednesday afternoon was, on the whole, good, with satisfactory DX and very little local interference. WJZ is getting to be the champion spreader—worse than WPG or WBAL. It overwhelms all of the stations on the lower wave lengths and is a great deal of a nuisance.

Governor John E. Weeks, of Vermont, will extend to the nation's radio audience an invitation to visit his state this summer, when he opens the Southern Vermont program at 7:30 Tuesday evening. His brief address will be followed by a dramatic sketch "The Green Mountain Boys," specially prepared to reflect a portion of Vermont's historic and colorful background.

An air, "Sonnet My Mother Taught Me," by the famous Czech composer Dvorak, played by Godfrey Ludlow, violinist, will be one of the high points of interest in the Stromberg-Carlson program of Tuesday evening, April 30. The program will be presented through stations associated with the National Broadcasting Company from 8 to 8:30 Eastern Daylight Saving Time. Besides other instrumental solos.

there will be a diversity of songs of sentiment given to the male quartet, including "Down By the Old Mill Stream" and "An Old Fashioned Garden."

Grow More Alfalfa  
One way for farmers to avoid paying high prices for clover seed to get legumes is to apply more lime and sow alfalfa where it can be grown, says specialists at the Pennsylvania State college.

Introduced Pineapples  
The earliest recorded successful planting of pineapples in Florida was made in 1830, when Benjamin Baker of Key West obtained a number of slips from Havana and started a small experimental patch on Plantation Key.

Birds on the Wing  
Here in America man appears to have reverted to the ancient nomadic strain. We fly from one apartment to another on moving day. We move from city to city as our business beckons. We peripatinate between town, seashore and lake. Our savage forbears chased the herds; we chase the sunshine. In us, as in them, is a restless longing for change of scene.—Woman's Home Companion.

COUNTY COURT, ULSTER COUNTY.—In the Matter of the application of the Board of Supervisors of Ulster County to acquire lands by condemnation for the repair, reconstruction and improvement of the Saugerties-Woodstock, Pt. 1, County Highway No. 37, Ulster County, pursuant to the provisions of the Highway Law of the State of New York, Chapter 25 of the Consolidated Laws and the Acts amendatory thereof and supplemental thereto, and the provisions of the other Statutes of the State of New York applicable thereto.

TO THE COUNTY COURT OF THE COUNTY OF ULSTER:

The petition of the Board of Supervisors of Ulster County, in the State of New York, to acquire lands by condemnation for the repair, reconstruction and improvement of the Saugerties-Woodstock, Pt. 1, County Highway No. 37, Ulster County, New York, is hereby presented to the County Court of Ulster County, in the City of Kingston, Ulster County, New York, on the 5th day of May, 1929, at the opening of the court on that day or as soon thereafter as the counsel can be heard, and that application will then and there be made for the relief demanded in the annexed petition for judgment of condemnation and for the appointment of a Commission of Appraisal as provided by law, and for such other relief as to the Court may seem just and proper.

Dated, Kingston, New York, April 15, 1929.

Yours, etc.,

## Stunt Night By Y. W. Board

The Business Girls' supper at the Y. W. C. A. on Wednesday night was indeed a hilarious affair with the program "Stunt Night by the Board" for the after-supper fun.

At the supper announcement was made of the coming budget campaign, May 6-11, and as there will be two teams from the Business Girls' Club, all girls present were asked to hold themselves in readiness to assist in the work if asked.

Election of officers of the Business Girls' Club will take place following the supper next Wednesday evening and there will be annual reports given by the officers. Also delegates to Maquis will be chosen.

Then came the program which was exceedingly clever and funny. Miss Alma Triler in the velvet costume of a Louis XIV page bore the moving picture captions. There was the latest news, vaudeville and a marvelous Wild West movie.

No wonder that Miss McClary was forced to go out of the millinery business when Mrs. Rice appeared in her prize Parisienne bonnet. Miss Eva Rand gave admirably synchronized music throughout the program, the Federal March accompanying this first act.

Then came a vocal trio of the finance committee forecasting the success of the coming drive, and ending with Mrs. Rice having to carry off the contributions in two large wash tubs.

Next on the program was the super-dramatic movie, "Wild Nell, Pet of the Plains," with Miss Hermann as the "Pet," Miss McClary, the English heiress; Miss Sarah Hasbrouck, the hero broncho-buster; Mrs. G. N. Wood, "Sitting Bull"; Miss Katherine Millard, her Indian accomplice; and Miss Jessie Goodsell, the medicine girl. The costumes, true to life, were amazing and the tragic canoe race was almost indescribable. Then at the last Wild Nell, Pet of the Plains, sacrificed her young life, tragically stabbing herself to the finish with one of the silver supper knives.

The other day we met an old mail carrier on his rounds, his pack bulging with a heavy load.

"Hello, Jim, how's the postal business?" we asked.

He stopped, ejected a quid of tobacco, and said: "Listen; tell me something—what the heck do so many people find to write about?"

### BUSINESS IS BUSINESS

Business is business, but men are men. Working, loving and dreaming. Telling with hammer, brush and pen. Hoistering, planning, scheming.

Business is business, but he's a fool whose business has grown to smother his faith in men and the Golden Rule. His love for friend and brother.

Business is business, but life is life. So we're all in the game to win it. Let's rest sometimes from the heat and strife.

And try to be friends for a minute.

Let's seek to be comrades now and then. And slip our golden tether. Business is business, but men are men. And we're good friends together.

**HOT WATER**  
nothing else  
will do!

P.S.

We invite you to investigate the REX PATROL automatic gas water heater. You need only connect it to your present range boiler to enjoy the convenience and comfort of an unfailing supply of hot water at any time, day or night.

Generally automatic hot water systems are expensive. With the REX PATROL, however, you need no extra tank, and a cover of high insulating value, which is

furnished as part of the REX equipment, just laces around your existing range boiler and prevents excessive loss of heat. For these reasons you can own a REX PATROL automatic gas water heater for only \$49.50 cash. If you wish to purchase this equipment on deferred payments, we can offer you convenient terms.

Call our nearest district office for further information regarding this modern home necessity.

### SHOKAN.

Shokan, April 25.—The services of the Olive Baptist Church Sunday were attended by a number of faithful members from out of town. Fifty-five years ago, on almost the same day of the year, April 19, Elder Swarthout preached the Sunday sermon in this church, while on the evening of the 22nd of April, 1874, the elder held forth in the Elmendorf school house at Olive, a little red building which stood not far from the site of the present and much more pretentious structure at Ashokan. It was customary in those days for the preachers to hold services in the various schoolhouses, and supplementing these meetings, with others were held at the homes of members. The O. S. Baptist people have ever been eager to hear the Word expounded "straight from the shoulder," as it were, and their leaders have for generations been noted for their pronounced willingness to preach fearlessly and untiringly the good, old-fashioned Gospel truths.

Messrs. LeFevre and Bob Iselman of Kingston were callers here Monday in the interests of their insurance business. Several young colored men have arrived from Florida to work on the new state road job and are making their temporary home in the barracks on the old MacDonough place. These lads are from Orlando, Florida.

This writer was told a short time ago by a gentleman who has been sojourning during the winter months in Florida, that the real estate situation down there does not show much if any improvement over that of post-boom days. He declares that there is much reality to be picked up for the taxes, and that prospects for better times do not look very bright at present.

Postoffice Inspector Duryea, with headquarters in Kingston, was a business caller here last Tuesday afternoon.

The Baptist Church people request that those who keep their cars and trucks in the sheds back of the church kindly remove them during the week end, so that members may run their cars under shelter. According to one of the church members, there is no objection to folks leaving their cars there for short periods, but when they are stored for days or weeks at a time, considerable inconvenience is occasioned. A case in point was the funeral held in the church one rainy day several weeks ago. At this time there was no room in the sheds for the hearse and other cars of the funeral procession.

Mrs. Raymond Osterhoudt has returned from a trip to Brooklyn, where she spent several days visiting relatives.

Claude Frazier of Marlborough called on friends here last week. Claude, who moved from Shokan last spring, is now engaged in quarrying. The fishing continues good at the dividing weir, though no trout approximating in size of the big victims of the first Sunday's rush have been taken out lately. Suckers are more in evidence in the fishermen's hauls than trout, and nothing, it is said, disgusts a true Isaac Walton more than pulling in a sluggish, bony sucker instead of the whopping big

speckled beauty that he had hoped to find on his hook. In the breaks the average catch has been small thus far, some discouraged fishermen even going so far as to solemnly declare that there are no trout in the streams this year. Pretty soon, now, the snow in the mountains will have all melted, and then, perhaps, the boys will have a different and decidedly more rosy tale to tell.

Mrs. Henry Elmendorf has invested in another incubator with which to care for her increasing trade in custom hatching. Mrs. Elmendorf attributes her consistently successful hatchings to the care which she exercises in testing out the eggs and the close attention she gives to every detail of incubating in its various stages.

Earl Kirm, who made a trip to New York last week, reports an enjoyable roll up down the river and back, despite the rather unfavorable weather. Earl generally goes down one day and comes back to his mountain home the next. He declares he likes the old hill road much better than the "main stem" and all of its side lanes put together.

John Warren is offering his house and three and one-half acres on the North Boulevard for sale. John was brought up on a big farm, the Henry Coons place, and he again pines for the interesting society of a big bunch of cows and proportionately large units of pigs and chickens.

The road to Stanley Matthews's bunkalow, on the "Thank" Elmendorf farm, has been improved so that access can now be had to the place by car in wet weather. Stone from an old wall was thrown in the mucky spots by the popular Kingston ex-service man, making a roadbed so firm that in the future neither frost nor mud will deter him from reaching his snug retreat in the hills. The public highway authorities might do well to emulate Stanley, in treating the big holes on certain back roads, for the stone base method is the only reliable one of building a trouble-proof road through wet places.

Golden Van Benschoten, the well known sportsman, and Mrs. Van Benschoten have moved to Moonhaw, in Malby Hollow, where they will again take up their duties as custodians for the spring and summer months of the club house and grounds there.

Mr. Fuss, the young man from the theological seminary, who has made such a favorable impression here as candidate for the Reformed Church pulpit, will preach in the church this coming Sunday. It is said that a congregational meeting will be held Sunday for the purpose of coming to some decision regarding the choice of one of the candidates for the pastorate.

Harvard students refused to leave a cafeteria when fire broke out. Finally they decamped, taking along their food, and finished the meal on the sidewalk.

## Commissioners Of Appraisal

Supreme Court Judge Daniel V. McNamee of Hudson has appointed Messrs. J. Sheridan of New York City, Joseph S. Penneer of Pine Hill and Edwin L. Moore of Prattville as commissioners of appraisal to hear and determine the claims of property owners in the village of Pine Hill where lands will be taken for the construction of a village sewage system by the city of New York. There are but two parcels of land to be taken by condemnation. The village of New York is constructing a sewage disposal plant in the village of Pine Hill for the village needs and to remove the waters of the Esopus creek which flow through the village into the Ashokan reservoir. A meeting of the commission was held at the court house Wednesday afternoon for the purpose of organization.

## Ulster Pythians Hold Celebration

Ulster Pythians found an evening of enjoyment at Golden Rule Inn on Tuesday evening. Hope Lodge with its invited guests assembled at the lodge room in Port Ewen for a short session at which time Grand Chancellor Joseph Bishop and William Ladew received a grand reception. During this session the grand officers imparted good advice and the entertainment terminated in the presentation of veteran jewels to Robert Schryver and George W. Murdoch in honor of fifty consecutive years of service as members of Hope Lodge.

As soon as the lodge closed the members with their guests proceeded to Golden Rule Inn where they were regaled with the best viands Mine Host could produce. The toastmaster, Henry E. McKenzie, assumed charge of the proceedings and the members and visitors were seated at the tables. About 125 gathered around the festive board and after the dinner had been partaken of, the toastmaster introduced the speakers. Seated at the speakers' table were Grand Chancellor Joseph Bishop, Grand Keeper of Records and Seal William Ladew, who is a past supreme chancellor, the Rev. Philip Goertz, of the Port Ewen Reformed Church, the Rev. F. G. Baker, of the Port Ewen M. E. Church, the Rev. Mr. Coffey, of the Phoenix Baptist Church, ex-Mayor John E. Kraft and Walter Elston, of the grand lodge credential committee; Past District Deputy Donovan of Highland; F. J. Spinneweber the present deputy of the district; Warren Johnson, C. C. of Hope Lodge, and the chancellor commanders of Franklin

Lodge, Shandaken Lodge, North American Lodge, Rondout Valley Lodge and Zeno Lodge.

As the toastmaster introduced the several speakers with appropriate presentations each responded in a fitting manner and hewed to the line the several subjects selected. At times the speakers waxed eloquent and elicited tremendous applause.

The exercises last until about 2 a. m. Wednesday morning and in spite of the late hour the members called for more of the advice and instruction offered. No one seemed to tire of the remarks so eloquently offered and because of the smoothness of the program and of carrying it to such a successful termination. All departed for their respective homes and everyone declared that the speaking and cuisine was superior to any they had ever attended.

## Rotarians See Indian Relics

Kingston Rotarians were interested and instructed at their luncheon on Wednesday at the Governor Clinton by the Rev. Dr. C. G. Ellis of the Rondout Presbyterian Church who exhibited and explained the uses of a collection of Indian relics gathered by him in this vicinity. Dr. Ellis found many of these implements while cultivating his "war garden" in Sleightsburgh in 1917. Sleightsburgh evidently having been an industrial center in the days when the whoops of the red men echoed over the

Esopus hills, where a primitive International Harvester Company and Remington Arms Company had thriving branches of their factories. There were hoes, shovels, bark peeling implements, pipes, and even a vanity case, all made of stone, in the collection made by Dr. Ellis. Of course there were arrow heads, spear heads, knives, hammers, etc., representing the militant side of Indian life, as well as the tools of domestic and agricultural life. The collection made by Dr. Ellis is of almost museum size and value and the exhibiting of specimens from it was accompanied by a most interesting series of explanations and comments all the more interesting because the greater part of the exhibit was connected with the life of the Indians in this immediate locality.

On motion of William O'Reilly the club decided to continue its support of the Y. M. C. A., which has been very substantial in the past. One new member was welcomed and a most unusual, entrancing and enlightening musical program was given by the club's own "Sam, the Old Accordion Man."

## Who else wants cheerful windows?

"With Sunset it is possible to have a more attractive home, a more extensive, up-to-date window, at small expense. Bright, cheerful Sunset helped me transform a rather colorless home. Gay curtains, harmonious draperies and pillows, and a new rug put the sparkle of newness into the room. I have dried unbleached muslin and other inexpensive fabrics, and the results have been surprising. Unbleached muslin especially looked like expensive material. I toned down a highly colored rug, rehabilitated several bedrooms with colorful bed draperies, curtains and cushions, and colored linens for the dining room."

"Besides being economical, Sunset is a great time saver. From my old dresses, I frequently make garments for the children. Sunset dyes them, and they cease to be despised 'hand-me-downs.' I brighten their faded sweaters, hose, and old color bathing suits. In kindergarten work, Sunset is ideal for coloring modern heads, pages, reefs and bookers, for coloring tinting. Using Sunset is the simplest, quickest, and most economical way I know of to beautify and brighten home and wardrobe. It has saved me many a dollar, and created an atmosphere of cheer in our home." — Mrs. M. Burns, 2851 Eastwood Ave., Chicago, Ill.

For fast drying use Sunset, 15 cents a cake. For beautiful tinting use Dyeant, wonderful new tint, big box, 10c.

## FREE RUNNING INTERNATIONAL SALT

### Clean, pure salt made moisture-proof

HAS your happy family ever been disrupted by salt shakers that won't shake, or by salt cellars that apparently are filled with rock? Dampness makes ordinary salt hard and lumpy. But it never affects International Salt! International is smooth and fine and free-flowing in any kind of weather. It's guaranteed. And it's as clean and pure and savory as any salt could be. Only a nickel in the big blue-and-gray box at your grocer's.

Use FREEMAN advertising regularly and conservatively and results will surely follow.

## ELEANOR GUNN ON FASHIONS

As Paris sees the immediate Mode and the Why of it.

New York—Among the revivals of old time fashion favorites, must be noted coral which is enjoying a great vogue. Its renaissance is explained by the general acceptance of semi-precious and even imitation stones. Coral is so reasonably priced that women revel in the opportunity to wear genuine instead of imitation jewels. Coral also runs the gamut from white and palest pink to a deep red, and is in some of these tints extremely flattering.

Another fad is for black and white, or silhouette jewelry novelties, the majority of these being combinations of jet and crystal. Mention has already been made of wood which is much in vogue for costume jewelry novelties.

The present season is remarkable for the gaiety of its colors. Reds are everywhere and all shades of yellow from buttercup to nasturtium are very much in demand. Black remains elegant and is perhaps the more appreciated because of the riot of color all about one. For summer, one's interest in black runs to sheer materials, not being the outstanding preference. Surprising as it may seem, net, in tailored vein, is being worn for the late afternoon dress, often quite as elaborate in its way as the one chosen for informal evening affairs, the line of demarcation being the décolletage. The blackless day dress has of course been launched, among the several fashions taking cognizance of the sunbarn rage, but that it is being coolly received goes without saying. Sleeveless dresses there are galore but usually supplemented by a jacket or coat.

As the season gets underway it becomes more and more apparent that straw hats will actually be worn. Each spring for several years back there has been much talk of reclaiming the straw hat, but nevertheless it has developed into another felt season. Straw hats are almost prohibitive in price in Paris, which is one reason why French women are always partial to felts, although this is by no means the only reason. The new straws are lustrous and while several weaves are being shown the preference continues to be for the finer varieties such as balbunt.

On the arrival of a liner bearing many buyers and representatives of the trade, some indications of Paris preferences for the immediate season and some hints for fall were gleaned. Persian lamb was the fur cited for trimming the spring coat, confidence in this felt being expressed for fall.

For the immediate season Paris is inclined to three piece ensembles, with either jacket or full-length coat. There are worn with two tone sweaters or with tuck-in blouses in many noticeable instances.

An interesting commentary on the preference for black was made by one merchant who felt that in sympathy with mourning for the passing of Marshall Foch and Ambassador Herrick there would be many black costumes. Women in America do not always realize that behind the majority of French fashions is a cause, the deaths of these well beloved men furnishing an excellent example.

## Eleanor Gunn Says

That belts are exceedingly narrow and so are the buckles, clasps and slides that decorate them.

Tiny evening scarfs, a mere wisp of the material which makes the dress are reported from Paris as important, large chiffon handkerchiefs, in contrasting color to the dress being carried.

Antelope remains smart for the afternoon handbag which has a frame or some ornamentation of gold.

Molyneux has scored with his flower trimmed evening gowns, the flowers, gardenias usually, often being placed along one side of the back.

Tiny nose veils are being revived and several of the season's brides are wearing their veil over the eyes.

Separate neckwear has become an important consideration again. A lovely French collar and cuff set was made of almond green flannel with coral beads and gold leather ribbon.

Straight line coats are being replaced by those with godets or some flaring movement.

Buttercup yellow is cited as one of the best spring colors. The capucine or nasturtium shades remain definitely in the evening programme.

Blue, so smart for town wear, is developing importantly in sports circles.

## Movie Directors Say

### Lovely Skin Is Greatest Lane

HOLLYWOOD, Calif.—"It is impossible to over-emphasize the love of smooth, beautiful skin," says John Ford, Fox director. To keep their skin beautiful, 442 of the 451 important Hollywood actresses, including all stars, are using Lux Toilet Soap. "This white, fragrant soap gives my skin such purity smoothness," says Betty Hutton, Fox star. Nine out of ten screen stars use Lux Toilet Soap. And all the great film studios have made it the official soap for dressing rooms.

## Why its wonderful flavor has won world-wide approval

- 1—"Canada Dry" is made from high-quality Jamaica ginger and through our exclusive extraction process retains all the flavor and aroma of the ginger root.
- 2—"Canada Dry" is made from absolutely pure ingredients, blended and balanced in exact proportions. A secret process of carbonation enables it to retain its sparkle long after the bottle is opened.
- 3—"Canada Dry" is tested daily under laboratory methods to assure its purity. Leading hospitals serve it. Leading physicians prescribe it. Here is a better, purer ginger ale.

## Flour Smith Plans Flight to Rome

Field, N. Y., April 25.—Having regained the women's flight record, Elmore, 19-year-old girl pilot, was today to challenge the Atlantic Ocean in a flight to Rome. She was told of plans for the Atlantic flight when Miss Smith left her plane down yesterday having been in the air 24 hours and 25 minutes, breaking the record of Louise McPhetridge of Los Angeles by four hours and 15 minutes. Mrs. Smith said backers had raised funds for the ocean flight. She was in a telling of her flight, and failure of a stabilizer to function required her to hold the plane at even keel by the stick, but she found time to read "The Sawyer Abroad" while the big airplane wheeled over the Long Island fields. She said she stayed

after setting a new record to finish the book.

### Passover Services.

Passover services, not pasteurized, were conducted at Temple Emanuel Wednesday evening, when Rabbi Rose spoke on "The Dawn of Liberty." At special services on Sunday, April 28, for the children, Rabbi Rose will interpret the meaning of the Passover festival. Refreshments will be served by the auxiliary of the Temple.

### St. James' Missionary Meeting.

The Missionary Society of St. James Church will meet with Mrs. Charles Everett, 15 Delta Place, April 28 at 2:30 p. m. Miss L. Osterlander will conduct the devotionals and Miss Lottie Webster will give chapter No. 3 in the foreign text book. "Give" is the keyword for roll call.

## Vegetable and Animal Life in Death Valley

Death valley, in California, long reputed to be one of the most lifeless areas on the face of the earth, is not so barren as popularly believed. A group of scientists recently returned from having made the first comprehensive survey of the plant and animal life inhabiting the floor of Death valley. And their report suggests much tradition long firmly rooted in the public mind.

A summary of Death valley's plant and animal resources now scientifically and officially recorded includes 135 different species of plants, trees and shrubs; 124 different kinds of birds, 12 reptiles, 1 fish, 235 varieties of insects, and numerous mammals.

The sole representative of the fish group recorded upon the floor of North America's greatest sub-solar level depression is a small minnow scientifically designated as Cyprinodon Macularius. This creature inhabits the salt marshes and salt water springs of Death valley. The mammals represented range in size from the bighorn mountain sheep (Ovis Nelsoni), which come down upon the floor of the valley from their natural habitat in the neighboring Panamint and Funeral mountains; on down to coyotes, rabbits, moles, mice and shrews.

### Narrowing Gulf

The gulf of California, the narrow arm of the sea just south of our southwestern border, seems to be gradually disappearing from the map. Recent surveys show that the peninsula of Lower California is widening and that the gulf is growing more shallow each year.

The phenomenon was first noted more than 200 years ago by the Jesuit priests who were the earliest colonizers of the peninsula. About thirty years ago a scientifically inclined inhabitant planted a number of palm trees about ten feet from the shore of the sea. His trees are now more than one hundred yards inland. Twenty years ago there was considerable crossing the gulf, but now navigation with large boats is somewhat dangerous.

### Recollections

An absent-minded man called upon his equally absent-minded doctor, and they spent a pleasant evening together, playing chess and exchanging political views.

Finally came the hour of parting, and the visitor exclaimed:

"You know, doctor, I came here specially for something. Oh, yes, now I recall it. Our maid has fainted and we want you to see her right away."

"That reminds me," replied the doctor. "Your wife wanted you on the telephone a while ago. The maid has passed away."

## Market for Fruits And Vegetables

New York, April 25.—(State Department of Agriculture and Markets)—Increased receipts, combined with limited trading partly on account of the Jewish holiday, resulted in a dull and weaker wholesale market on strawberries today. The bulk of the supply was from North Carolina and consisted of Klondyke and Missionary varieties. Most business was at 10 to 15 cents a quart. Some fancy fruit sold higher, while inferior worked out lower.

Despite the more plentiful supply of lettuce and romaine from North Carolina, the market held steady to firm, particularly on fancy, large stock. Sales on five-peck hampers of big Boston lettuce were reported at \$1-\$3.50. Romaine realized \$5.00.

Carlot movement of 25 of the

most important seasonal fresh fruits and vegetables increased throughout the country by 3,694 cars during the past week to 19,913 cars, 2,099 more than moved during mid-April last season. Most of the recent gain was in potatoes, onions, cabbage, lettuce and tomatoes. Potatoes required 1,999 cars. Orange shipments filled 2,370 cars, 1,549, and cabbage and lettuce 1,494 cars each.

Green peas from North Carolina made their season's first appearance. Shipments met a ready sale at \$2-\$3 a five-peck hamper. The market as a whole was stronger, doubtless due to light offerings. The best consignments from California packed in bushel hampers changed hands at \$3.

### Mission Service.

The usual Friday evening service will be held at Bedford's Upper Room Mission, 562 Broadway, near the West Shore, at 7:30. This will be an informal, inspirational, and spiritual service consisting of prayers, testimonies, hearty singing and a gospel message. Every one welcome.

### Memorial Services at Shokan.

Shokan Lodge, No. 431, I. O. O. F., will hold their Annual Memorial Services at the M. E. Church Sunday, April 28, at 2 p. m., eastern standard time. The services will be conducted by the Rev. Orson Rice and the Rev. A. J. Coffey of Phoenicia. All are welcome.

Some men are frank. One who applied for a motor truck license at Richmond, Va., gave his occupation as "bootlegger."

## Warder Will Stay Home and Help

Former State Superintendent of Banks Will Not Go Abroad While Investigation of Banking Department Is in Progress.

Albany, April 25 (AP)—Frank H. Warder, former state superintendent of banks, has assured Lieutenant Governor Herbert H. Lehman that he will not go abroad while a Moreland Act investigation of the administration of the banking department is pending. The acting governor today said he had a telephone conversation with Warder last night during which the former superintendent told him he desired to "cooperate in every way possible" with the state's investigation. The acting governor said he called

last night after reaching a decision to institute the investigation of the banking department and its connection with the collapse of the City Trust Company of New York. Mr. Lehman said that Warder had applied for a passport. A number of persons recommended to the governor for the post of Moreland Act Commissioner were being considered today. "I think it important," said the acting governor, "to take time in the selection of the man I consider best for the job." He said he faced time for the investigation had been set, but that this would depend upon the action of the commissioner. He expects to make the appointment within the next two days. Although he was not certain, he believed the investigation would be conducted in New York city. New Company Takes Over Affairs. The trust company failed February 11, nine days after the death of its president, Francesco M. Ferrari. Since that time a new institution,

the Mutual Trust Company, has been formed with a capital and surplus of \$5,000,000 to take over the City Trust affairs on condition that the depositors be paid in full. The new bank will commence operations between May 15 and June 1. The state banking department now is under the supervision of Joseph A. Broderick, successor to Frank H. Warder, who held the office at the time the New York bank failed. Warder tendered his resignation to the governor after assisting in organization of the Mutual Trust.

ST. REMY  
St. Remy, April 25.—Sunday services as follows: Sunday school, 1:30; church service, 2:30 p. m., the Rev. Philip Goetz, pastor. A most cordial welcome is extended to all. The Ladies' Aid and Missionary Society will have an all day meeting in the Sunday school room on Thursday, May 2. All will come prepared to quit or tack the quilts they are making. A pot luck supper will be provided. It is hoped each member will be present. Mrs. Charles Estrane was the guest of Mrs. Lorenzo Terpinia recently. Mr. and Mrs. Sam Carmen of Long Island were week end guests of Mrs. Mary Haines. The annual fair will be held the last week in October.

Emerson Street Property Sold.  
County Clerk Walter G. Geroldsek has purchased the new six room dwelling located at 127 Emerson street from Robert Corrigan and wife. The Geroldseks have already taken possession and will reside there in the future. The sale was negotiated through the real estate agency of Frank S. Hyatt, 251 Fair street.

Veteran Amateur Oarsman Dies.  
New York, April 25 (AP)—James Pilkington, known as "the father of amateur rowing," died today at his home in the Bronx after a long illness. He was in his 78th year. For 20 years he was President of the National Association of Amateur Oarsmen.

## Blizzards And Tornadoes in West

Wyoming Has Worst Blizzard in Its History—Nebraska Raked by Storm—Tornadoes Lash Texas.

Cheyenne, Wyo., April 25 (AP)—Loss of life and tremendous damage to livestock and other property was feared today following the worst blizzard in the history of Wyoming, which had isolated this city for nearly 24 hours and paralyzed transportation.

Telegraph and telephone wires were down in every direction from Cheyenne and communication with the outside, even by radio, was cut off last night when the electrical power was turned off to prevent casualties from contact with live wires on the ground and house tops.

Train service, except on local short lines, was at a standstill and all highways were blocked. Even motor travel in the downtown streets here was almost impossible.

Many interstate buses due here yesterday were not accounted for and motorists were known to be stalled on the highways in many parts of the state. Throughout yesterday men fought their way to Cheyenne through huge snowdrifts to obtain clothing and food for their wives and children suffering in automobiles stalled near the city.

The storm, general over the Rocky Mountain Region, but not as severe in other states, struck Wyoming at the height of the lambing season, and a heavy loss of lambs and calves was believed certain by stockmen, who compared the blizzard with that in May, 1927.

### Storms in Nebraska.

Omaha, Neb., April 25 (AP)—Tornadoes, rain, snow, hail and sleet raked Nebraska yesterday, causing heavy property damage and injuring at least two persons.

While two tornadoes struck in eastern Nebraska, the western section of the state was being swept by snow and rain. In some sections cloudbursts occurred and at least two towns suffered from flood waters. Heavy wet snow was driven by a 50-mile gale.

A tornado cut a path 14 miles long through the farming community between Ulysses and David City, doing thousands of dollars worth of property damage.

### Tornadoes in Texas.

Palentine, Texas, April 25 (AP)—Two tornadoes lashed three East Texas hamlets yesterday killing seven persons, injuring at least twenty-one and causing property damage estimated at \$250,000.

The most severe of the wind storms reared down a path three miles wide, turned the little town of

Slocum, 15 miles east of here, into a mass of ruins and took the seven lives, then dipped again four miles to the east and wiped out Benson Springs, but without injury to any of its inhabitants.

Another twister of less intensity hit the James community near Center, Texas, close to the Louisiana border, leaving 75 persons homeless and one casualty, a woman injured.

### "CAP" KETTERER ENTERTAINS FIREMEN'S COMMITTEE.

Casper, Ketterer entertained the members of the outing committee from the local committee of arrangements who had charge of the convention of the Hudson Valley Volunteer Firemen's convention during June with a banquet at his residence, 71 Pine Grove avenue, on Wednesday evening.

"Cap" certainly knows how to entertain, as well as how to take care of feeding a crowd at a banquet as was demonstrated at the army during the last convention when over 350 delegates were taken care of at a dinner without a dissenting voice being heard.

Speeches were made by chairman of the local committee, E. F. Moran, Mayor E. J. Dempsey, A. J. Murphy, Sr., Edward Bonesteel, "Andy" Murphy also sang the song, which has made him famous, entitled "Six Feet of Earth".

Ketterer's orchestra furnished the music for the occasion. Those present at the banquet were Mayor E. J. Dempsey, Edward F. Moran, Nelson W. Snyder, Edward Bonesteel, Andrew J. Murphy, Sr., Francis S. Cashin, Larry House, George C. Kitchner, Frank Mills, Michael J. Graney, Edward Ryan, Sam Messinger, Morton Lows, Sam Mann, L. E. Dunne and C. Ketterer.

### EAST KINGSTON.

East Kingston, April 25.—Charles Smith, who has been ill for some time, still remains about the same. Mrs. Schackel has returned home after spending a week with her daughter, Mrs. H. Van Bramer, of Connecticut.

It has been reported that a number of the young men have gone to New Jersey to be employed on the brickyards at that place. Mr. Acker reported a poor week with the bus last week, due to the storm.

The attendance at the M. E. Sunday school last Sunday was lower than usual and the new pastor invites the old members to bring prospective members next Sunday. Preaching services start at 11 a. m. Sunday school at 10 a. m.

The village is very well pleased to see all the brickyards back to work again. Edward Buckley has been taken to the Benedictine Hospital where he will be treated for pleurisy.

### ASHOKAN.

Ashokan, April 25.—Mrs. Louis Lifshitz recently returned from several weeks treatment at the Neurological Institute, Fort Washington and 168th street, New York city. She is much improved.

Ashokan turned out "en masse" to attend the law suit between Lemuel E. DuBois, plaintiff, and Mrs. Carrie Perceus, defendant, at Wischell's Hall Wednesday evening in which the jury failed to agree.

Mr. and Mrs. Greenburg lately returned from their wedding trip and will soon be at home to their friends in the bungalow on Mountain Road. The Greenburg Band is planning to render its usual selections at skimming.

The play "Snicker's Boarding House" will be given by the Zion Country Club entertainers in the Ashokan M. E. Church hall on Wednesday evening, May 1, at 8 o'clock daylight saving time. Refreshments on sale at the close.

Mr. and Mrs. Avery and Mr. and Mrs. B. F. Moe of Mt. Trumper, who wintered in Florida, are expected to visit their relatives and friends here soon.

### THE VLY.

The Vly. April 25.—Mr. and Mrs. Wurster were the guests of Mr. and Mrs. James Palen over the weekend.

Mrs. Elmer Christians called at the home of Mrs. M. McCormick on Tuesday last.

Mr. and Mrs. Thomas Olson Sr. returned home on Tuesday after spending the winter in Norway.

Mr. and Mrs. P. Olson of Brooklyn were the guests of Mr. and Mrs. John Durston and Mr. and Mrs. Moses Van Demark for a few days.

There will be church services next Sunday evening at 7:30, daylight saving time. It is hoped there will be a large congregation at this meeting.

Mr. and Mrs. Thomas Olson, Jr., and daughter of Jersey City were in this place on Tuesday last.

George Wurster was the guest at the home of Mr. and Mrs. Theodore Palen over the weekend.

### Publishers Table Revolution.

New York, April 25 (AP)—After a long discussion during which some delegates declared the matter was one for the federal government to investigate, the American Newspaper Publishers' Association in convention today tabled without a vote a resolution opposing purchase by the International Paper Company of stock in newspapers.

### Rector Found Dead.

Philadelphia, April 25 (AP)—The Rev. J. A. Stewart, 55, rector of Christ Episcopal Church at Edgington and at one time rector of Emmanuel Church at Adams, N. Y., was found dead in the bathroom of the parsonage today. Death apparently was due to natural causes.

### PORT EWEN.

Port Ewen, April 25.—The Knights of Pythias basketball team will hold a dance in Pythian Hall this evening. Zucca's orchestra of Kingston will furnish the music for dancing.

The Third Department of the E. worth League will hold a food sale in the grocery store of Harry O. Jump on Broadway, Saturday afternoon. The sale will open promptly at 2:30 o'clock. A large variety of foodstuffs will be on sale.

Lucetta Bebekah Lodge will celebrate their third anniversary the evening in their rooms in Old Port Ewen Hall at Ulster Park. Members of Garfield Lodge, I. O. O. F., and their families are invited to be present. An entertainment will be given and refreshments served. It is hoped there will be a large representation of the orders present.

The friends of Mrs. Mead Dwyer will be glad to hear she is improving from her critical illness. A meeting of the Women's Christian Temperance Union will be held Friday afternoon, April 26, at 8 o'clock at the home of Mrs. John Lyons on Hamilton street.

Prayer service and Bible study this evening at 7:30 o'clock in the Methodist Chapel. At 8:15 a meeting of the Sunday school board will be held.

Regular meeting of the Port Ewen are department will be held tonight at 8 o'clock. All members are requested to be present.

Grand Zepellin Over Nice. Nice, France, April 25 (AP)—The Grand Zepellin flew over Nice at 10:30 a. m. daylight saving time today (4:30 E. S. T.).

## Y's Men's Club Has Busy Time

The glad band of fellowship was extended Barton L. Mayer by the Kingston Y's Men's Club at their regular meeting Tuesday evening at the "Y" when he was duly introduced by Stanley Winne, as a new member.

Paul McClintock of Albany was the guest of President McLoughlin and George Wells was the guest of Clarence Dumm. Both were given the usual hearty Y's Men's welcome.

The club also enjoyed another evening of exceptionally fine music by a four-piece orchestra consisting of Y's Men Leonard H. Stine, Miss Splak, Miss Clinton and Richard Cole.

The fellows showed their appreciation by their hearty applause, and the artists were given a rising vote of thanks.

Daniel Bittner, the club's popular accompanist, was welcomed back after a two weeks' visit at Boston, Mass. He brought back the good news that he had visited the Malden, Mass., Y's Men's Club last week. That makes the attendance for last week one hundred per cent, the first one hundred per cent meeting the Y's Men have enjoyed in a considerable length of time.

There were only two absentees Tuesday evening making a percentage of attendance for this week of 95.7 as Captains Tom Rowland, Clarence Dumm, Clarence Wollersteig, Arthur Quimby and Dr. Gifford reported their teams as one hundred per cent present. Captain Stanley Winne reported one absentee which is the first absentee his team has had in ten weeks.

The club is planning on visiting the Nyack Y's Men in the near future and President McLoughlin appointed Fred Vandouren, Clarence Wollersteig and N. LeVan Mayer as a committee to make arrangements. The club also expects to make a visit to Albany the early part of June.

The entertainment committee consisting of John H. Haulenbeck, Clarence Wollersteig and George Hendrickson then took charge of the meeting. John Haulenbeck acting as chairman announced that instead of the regular program they had decided to make this meeting a "get acquainted meeting" introducing each member individually to the new president and incidentally to the whole membership. The fellows entered into the spirit of the affair and had a lot of fun out of it.

When it came time to introduce Henry B. Wesley he said he didn't go by the name of Henry B. Wesley as for this week his name was "Y. M. C. A. Wesley" as together with a great number of other Y's Men and public spirited citizens he was busy working on the annual Y. M. C. A. budget campaign and he commended the fact that so many Y's Men were working on the different divisions.

After singing a number of poppy Y's Men's songs under the leadership of Tom Rowland with Dan Bittner at the piano the meeting adjourned promptly in order to give as much time as possible to those who were working on the budget campaign.

The fellows were pleased to have the Misses Viola Porter, Alma Quimby, Doris Willmott and Shirley Mer-

ried serve the splendid dinner which was prepared by the Misses Davenport.

The entertainment committee for the next week will be Edwin "Dutch" Crow, Leonard H. Stine and H. L. Winter.

The Board of Directors held a very brief meeting after the regular meeting and a very important matter was decided, full announcement of which will be made next week.

People talk of catching cold as though they had to run after it.

## The Living Room Is The Live Room

It is the index to your home. It is the heart of all the things that go to make home life the glorious thing it is.

What home-maker doesn't want to make this central spot of home joys and companionships—this focus of intimate home entertainment—truly expressive of the home spirit?

Maybe the living room needs a little making over—a bit of rejuvenating with the kind of furniture that will make it glow with an increasing measure of the home spirit.

There is no better time than this to renew this holy of holies—and there is no better place than here!

# Financial and Commercial

New York, April 25 (AP)—The short of higher interest rates stalked across the financial horizon today and stock prices turned reactively despite the sporadic efforts of speculators to revive the bull movement.

A sprinkling of industrials, rails and specialties were lifted to new high ground in the early buying movement, but the general list was under steady pressure. Declines in the active issues ranged from 1 to 2 points, with a few high-priced specialties recording much larger losses.

Quotations given by Parker McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York City, branch office, Stuyvesant Hotel.

# Society Notes

**Williams-Drumphy**  
Miss Helen Drumphy, grand-daughter of Mr. and Mrs. John Drumphy of Plattekill, N. Y., and Edward Williams of New York City were married at New York Thursday, April 4.

**McCutcheon-Amis**  
Peter James McCutcheon of 193 Hudson street and Miss Jeanne Marie Amis of 115 Spring street were united in marriage on April 24 by the Rev. Francis X. FitzPatrick of St. Mary's Church. They were attended by Katherine Agnes Stock and Walter A. Higgins.

**Fuller-Teller**  
The marriage of Miss Margaret Louise Teller, daughter of Mr. and Mrs. W. Homer Teller of Boise, Idaho, and William Traver Fuller, son of Mrs. Charles W. Walton and the late James Fuller, will take place on Saturday evening, April 27, at 8 o'clock at the home of the bride's grandfather, Myron Teller, on Fair street.

**Olsen-Pederson**  
A very quiet wedding was solemnized at the Methodist Episcopal parsonage at Modena, N. Y., Saturday, April 20, when Miss Lillie Pederson of Plattekill became the bride of Aksel Olsen of Brooklyn, N. Y. The Rev. Wilfred Van Iderstine of the Modena Methodist Church performed the ceremony. The newlyweds left with relatives and friends to celebrate in the old home. At the conclusion of the bridal trip, Mr. and Mrs. Olsen will reside at Brooklyn, N. Y.

**McCutcheon-Amis**  
St. Mary's Church was the scene of a very pretty wedding on Wednesday afternoon at 3 o'clock when Miss Jeanne Marie Amis became the bride of Peter J. McCutcheon. The ceremony was performed by the Rev. Francis X. FitzPatrick. The bride was charmingly attired in white georgette with hat to match and carried bridal roses and lilies of the valley. She had as her attendant Kathryn Stock, who wore coral georgette with picture hat and carried pink roses and sweet peas. The groom was attended by Walter A. Higgins. After the ceremony a reception was held at the Golden Rule Inn. The bridal couple then left for an extended trip to Canada and North New York. On their return they will reside in Union City where a newly furnished home awaits them. The bride is a graduate nurse of the Benedictine Hospital and the groom a valued employee of the Cornell Steamboat Company. Both have a large number of friends in this city who extend to them their best wishes.

# Local Death Record

The funeral of James Leach was held Tuesday at 8:45 a. m. from the James M. Murphy funeral home, 174 Broadway, and at 9 o'clock at St. Mary's Church, where a Mass of requiem was offered for the repose of his soul. Interment was in the family plot in St. Mary's cemetery, where final absolution was pronounced by the Rev. William H. Kennedy of St. Mary's parish.

Mrs. Clarence Benton, nee Eliza C. Wells, died at her home at Ulster Park on Wednesday afternoon. Funeral Saturday at 2 p. m. at her late residence. Interment in Pleasant View Cemetery, Ulster Park. Besides her husband the following survive: One daughter, Mrs. Melvin Berry; one son, Fred E. Eckert; two sisters, Mrs. Robert Sickler of Brooklyn and Mrs. Elnora Wells of Chicago; one brother, Albert, of Brooklyn. Mrs. Benton was a member of the Reformed Church of Ulster Park and the Ladies' Aid Society of the church.

Wednesday at 10 a. m., the funeral of Michael Doyle was held from the home of his daughter, Mrs. William A. Golden, 387 Broadway, with interment in St. Mary's cemetery, where final absolution was pronounced by the Rev. William H. Kennedy of St. Mary's parish. Although Mr. Doyle had not resided in Kingston for many years, he had a large number of friends here, who attended the funeral. There was a profusion of beautiful flowers. Tuesday morning a Mass of requiem was offered for the repose of his soul at the Church of the Sacred Heart at Pawtucket, R. I., where he had resided for 14 years.

The funeral of Mrs. Catherine Teich was held at the Funeral Parlor, 450 E. 162nd street, New York City, on Saturday at 2 p. m. A large number of her friends were present to pay their last respects to her memory. The Rev. J. Schmidt of St. Paul's Reformed Church preached the funeral service and paid high tribute to her splendid faith and character. Besides her husband, who is now in Mt. Sinai Hospital, Mrs. Teich is survived by one daughter, Mrs. Viola B. LeFevre of Kingston, two sons, Reinhold and three grandchildren. Interment was in the Mt. Hope cemetery, North Tarrytown. Mrs. Teich was a former resident of Tilton and has many friends there.

# American Founders Corporation

Again the leading investment trust of the nation rewards its common stockholders with an extra dividend of ten per cent in common stock, payable to stockholders of record as of May 31, 1929.

We are proud of the fact that our foresight and ability to determine investment values is responsible for our introducing the stock of this company and its associated companies to the investing public of the Hudson Valley four years ago. The result has been that hundreds of investors, large and small, have reaped a rich harvest in their investment.

During the year nineteen hundred twenty-five, we offered the American Founders Corporation stock in a unit composed of one share preferred stock, \$50. par value, and one share of common stock, no par value, at \$92. per unit. Since then stock dividends have been paid by the corporation totaling three hundred per cent, and now another extra dividend of ten per cent in stock has just been declared. Consequently, Nine Hundred Twenty Dollars invested in American Founders stock in nineteen hundred twenty-four has appreciated to a present market value of Six Thousand Seven Hundred Four Dollars—an increase of over seven times the original investment in four years; besides the company has paid to the stockholders valuable rights and dividends in cash and script or fractional shares of stock each year.

The total assets of American Founders Corporation today are in excess of Fifty-Six Million Dollars. Also, the company controls six other investment trusts with combined resources of over One Hundred Fifty-four Million Dollars. In recent years, one of the wealthiest and most powerful banking institutions with international connections has become interested in the ownership and management of American Founders Corporation, and negotiations are now under way, wherein other equally important, banking institutions are joining forces with the company. We therefore, predict that the American Founders Corporation is destined to become one of the dominating factors among the financial institutions of the world.

We recommend the purchase of American Founders Corporation Common Stock at the present time as an exceptionally safe investment, appropriate for people in all walks of life, and we believe its present value is only a reflection of that which it will eventually attain. It is quoted daily in all the leading newspapers of the United States, and because of its very active market, it is easily liquidated in the event a stockholder wishes to turn his investment into cash.

We will be glad to furnish you with full details at your request.

### FRANKLIN STREET CHURCH BAZAAR A BIG SUCCESS.

The opening night of the bazaar of the Franklin Street A. M. E. Zion Church in Odd Fellows' Hall on Cornell street was largely attended and every one had a most enjoyable time. The various booths had been most artistically decorated and the fancy booth of which Mrs. Bertha Bailey is chairlady proved the center of attraction. The bazaar also came in for its share of attention. The pond is in charge of a committee of young ladies headed by Miss Eldora Crispell. Tonight will be ladies' night and it is expected that there will be a record breaking attendance.

One advertisement for a husband brought a Massachusetts woman 19 replies. She still is unmarried.

"The Best Medicine I Have Ever Used," Says Liberty St. Man  
Tells How The Nu-Erb Relieved Constipation And Gave Him New Strength and Energy.

No man or woman can feel well when the stomach, kidneys, liver or bowels are not functioning properly and harsh methods of treatment bring only temporary relief. When these organs are in an unhealthy condition many common ills are the result. Among these are indigestion, gassy, sour stomach, nervousness, dizzy spells, constipation, rheumatism, neuritis, biliousness, unsound sleep and tired worn out feelings. You need not have all of these troubles, for any one of them may indicate that some vital organ is not doing its work normally and be a warning of some serious ailment if not attended to promptly.

Day after day you read statements from well known local men and women giving evidence of the great merit of Dr. French's Nu-Erb in relieving disorders of the stomach, kidneys, liver and bowels. Mr. John K. Emmett, 40 Liberty St., who is employed in the service department of Van Kleeck Motors, has the following to say about this remarkable medicine.

"I do not hesitate to say that Nu-Erb is the best medicine I have ever used. For several years I have been troubled with chronic constipation and it was necessary for me to constantly use harsh laxatives. It seemed as though this trouble affected my entire system until finally I felt tired, lost energy and had no appetite.

I had been reading for months about the Nu-Erb before I finally decided to give it a trial and I only regret now that I did not use it before, for in a remarkably short

THE NU-ERB MAN

time it has given me new strength and energy. I have a splendid appetite now and relish every meal that I eat. Not only that, but since using Nu-Erb, my bowels are acting regularly every day without the additional use of laxatives. I am only too glad to recommend this medicine to others and many of my friends are already using Nu-Erb after hearing what it has done for me."

McBride Drug Store, 312 Wall St., is headquarters in Kingston for Nu-Erb. Go see the Nu-Erb man now making his headquarters there and let him explain to you the merits of this remarkable medicine.

# Kingston High Nine Beats Riordon In Opening Game

Under a kindly sun Wednesday afternoon the fourth inning "Herb" Clarke, captain of the Kingston High School Varsity baseball team, led his nine to a 10 to 1 victory over the Riordon team in the opening game of the season. The game was a one-sided affair from the start. The first inning on, although the local boys failed to get a hit in the first inning they managed to collect four runs. In the fourth inning the Kingston boys had another big score. The whole team batted around and then some. Out of the 11 men who came to the plate, 10 cracked the ball for hits but seven men crossed the plate in spite of the fact.

Kingston's rookies on the mound looked like veterans. Tiano, who pitched the first four innings for the Maroon and White, tossed them in a though he was an old timer and well-seasoned boxman. Thomas, another one of the local school's new right-hand twirlers, also pitched a steady game. On the other hand Eckert, Riordon's speed ball artist, was too much for M. Clymer who was catching him. Clymer's inability to hold Eckert's speed and curves hurt his team's chances very much. In the first inning Clymer made six errors by fumbling the ball on the third strike. This was the reason for a number of Kingston men reaching first and later scoring. Eckert walked from the mound in the middle of the second inning and played third base. Daily took up where Eckert left off. For a while it looked as though he was going to be more effective than his teammate but the fourth inning made a black mark on his record. Eckert went into pitch again in the seventh and eighth innings and he held Kingston in line. There wasn't much hitting done in this game. Buckingham managed to pole one over third in the second inning for Riordon's only safety. It was at this time that the Highland team's lone run was scored. M. Clymer who was previously walked by Tiano scored on Buckingham's single. Pretzsch led the Kingston men with the stick. He pounded the ball for two singles, both of which came in

## Tagging Major League Bases

By WILLIAM J. CHAPMAN.  
(Associated Press Sports Writer.)  
The anticipated duel between the Cubs and the Giants already is beginning to take definite form. Heroic shadows of the baseball past, writhing of warriors like Chance and Marty March in a phantom legion, urging the battle-lines of 1925 on to combat like that which marked National League campaigns from 1890 through about 1913.

White-haired John J. McGraw again occupies his old familiar position at the top of the standing of the clubs, but the Bruins are not far behind and the champion Cardinals threaten to make it a three-ring party. The Giants climbed to the top of the heap by executing a smart 9-2 about face against the Phillies at the Polo Grounds yesterday as the Braves logged down from their first-week spurt and permitted the Robins to take a second decision in Flatbush by 5 to 3.

The Cubs deployed along the Pittsburgh front to give Pirate fans their first opportunity to watch a championship battle this year. The powerful bat of Rogers Hornsby was splined by the splitter of Burleigh Grimes, and without its aid the Bruins just lacked the power to win. The Pirates hammered Charley Hoos, unfeelingly through the early rounds and finally snatched the winning run from Berlyn Horne in the thirteenth to triumph by 5 to 4.

Joseph V. McCarthy, who already has proven his right to wear the mantle of the late Frank Leroy Chance, led his Cubs under a four-run deficit in the third to even terms in the eighth, but the march to victory was just a stride too long. The defeat plunged the Cubs into a tie with the Cardinals for third place, but left both only half a game behind the Giants. Rain forced the Cards to postpone their home opening against the Cincinnati Reds yesterday.

The Yankees rocked the American League front with a blast which shattered Charlie Ruffing and the Red Sox by 3 to 2. The barrage consisted of 16 hits, and with such backing, Waite Hoyt breezed to his second triumph.

But although the Yankees did the heavier firing the Athletics were just as effective with their 11 shots at Fred Marberry and Lloyd Brown, who succumbed with the Senators at

White Park by 5 to 4. The Athletics' attack was capped by a home run from the bat of Jimmy Fox with one man aboard in the fourth. This blow gave the Mackmen a lead which they never surrendered.

Al Simmons, making his first appearance of the season, tripled with two on just ahead of Fox, and scored with the young first baseman on the circuit blow. This outburst removed all the menace from two runs the Senators had gained one inning earlier at the expense of George Earnshaw, pitching his first game of the year.

Activity in the western half of the barnyard loop was confined to Detroit, where 20,000 fans at the home opening of the Tigers saw Harry Rice save the Bengals by a spectacular sliding catch in the ninth. Two Cleveland runners were on base as Rice sprang the headforemost near second to clutch Luke Sewell's tantalizing Detroit won by 7 to 6.

Correll and Stoner worked for the Tigers against Milnes, Harder and Holtzway. Rain forced the postponement of the Brown-White Sox game, which was to have opened the American League season in Chicago.

## RED SOX SHOW SPIRIT PREPARING FOR CEMENTON

The Red Sox went through a fast and spirited workout at the Athletic Field Wednesday night in preparation for their diamond war with the Cementon team at that place Sunday afternoon.

Manager MacDaniels has picked 15 men for the Sox roster, which is characterized by a quintet of pitchers, who are expected to keep the team out in front by their superior hurling. Paul Joyce, former Kingston High School pitcher, who made

a name for himself in the DUSO League last year, will be augmented by the following men on the staff: "Bing" Van Etten, Russell Teras, formerly with Tannerville, Pete Stopyea, who chalked up some creditable performances with the Sox last year, and last but not least, MacDaniels himself.

The infield will be made up of a lineup from Snyder, Mills, Jack Dawkins, Jordan, Krom and Osborn. In the outer garden Jim Griffen, Carl Nitka, Fisher and Rice will do the performing. A backstop will be chosen from Hoffman and Thorn, both of whom are capable catchers.

According to Booking Manager Ernie Luedtke, the Red Sox now have 10 games slated.

New sweaters of a solid navy blue marked by a cardinal emblem have been ordered from the D. Kantrowitz store athletic department by the Sox.

**SKYLINE UPSET BY AIR TRAVEL**

**Architecture of Cities to Change With Growing Use of Plane.**

Washington.—A few days ago a factory chimney, 150 feet in height, was dismantled and brought crashing to the ground. The reason was that the tower was located near the site of the new airport of Newark, N. J., and that its presence was a menace to navigators of the air seeking to make a landing on the field. Bird lovers took especial note of the fact that the chimney, a rather old one, had for long been the home of a large number of chimney swifts and of such other birds as nest in lofty places. Their convenience was sacrificed to protect human bird-men who especially at night, might crash into the structure in seeking the ground.

The incident sharply emphasizes what influence the development of flying, especially of the establishment of regular commercial air lines, is having and is going to have on the architectural features of cities, particularly in the neighborhood of municipal airports.

When the airplane first was beginning to demonstrate its potentialities, a favorite subject for illustrators of imaginative stories was the possible appearance of cities of the future when navigation of the air should become a matter of course. For the most part the drawings portrayed vast and lofty edifices with landing platforms on top of them and with all manner of aircraft landing and taking off. They were reminiscent of the fantastic pictures which nearly a generation ago depicted in Sunday newspaper supplements the adventures of Little Nemo on Mars. Then, general navigation of the air seemed about as far distant in time as Mars is in space. Dreams Coming True.

But the fantasy has come. It has turned into reality. Plans already have been drawn for a building to constitute one of the many airports for New York city. They call for a structure 850 feet in height. Nothing which Little Nemo encountered could be more fantastic. The building would be a cylinder rising from the ground. The lower floors would be occupied by stores. There would be business offices in various parts of it, auditoriums and many other features which large modern structures have. Other floors would be given over to hotel accommodations and, atop of all, an enormous landing field 1,000 feet in diameter.

Runways for landing and taking off would be provided so that more than 40 planes could be either alighting or taking flight at the same time. Rising yet above the roof would be a mooring mast for dirigibles. This is not a dream of Little Nemo. Architects and engineers actually are working on the final plans and the project of financing the project is occupying the time of skilled men.

The Department of Commerce has listed 1,000 cities and towns which have arranged for the construction of airports and has in its files correspondence relating to plans of another 1,000 places looking forward to the same sort of enterprise.

It appears certain that architecture will be greatly affected because two types of field are to be built. One for large cities, would partake of the nature of the vast building already designed. This would be necessary to obtain sufficient space for ports anywhere near the centers of such cities as, for example, Chicago, which is many miles from one extremity to another. The time gained by flying would be lost in transmission of mail and transportation by other means of passengers from a suburban port to the center of town. So, for the large cities, the present generation may fully expect to see municipalities resembling something more fantastic than any castles in Spain or dreams of a hashish eater.

Change in Skylines. The second type is to be employed by lesser communities. They will be on the ground. But, here, too, the architecture of the cities must be changed. It will not be convenient to have tall buildings in the neighborhood of the fields and thousands will

be razed as the Newark chimney has been.

So the skylines of American cities of the near future will take on entirely new aspects. The great cities will have spires higher than any of the surrounding buildings, while the smaller places will have skylines revealing depressions from the general level, the effect being undulating.

Practical aspects of construction are not being neglected. A plan has been worked out and has received the approval of Postmaster General Nes, providing for plane facilities slightly resembling the scenic railways, or shoot the chutes of amusement parks.

For planes taking off there will be inclined runways down which they will travel on their wheels or skids and then soar off into space. For landing planes similar runways will be built. The plane will land on the level but the runway, being built to incline upward, will speedily bring it to a halt. These facilities will conserve space and enable a field to accommodate more planes.

Airport engineers and architects already have drawn plans for such ports and have made models giving a clear

visual idea of how they will appear. One of the greatest problems of any great constructing enterprise is that of finance. But it seems unlikely that difficulty will be encountered there. Some municipalities have donated land for ports; some locations have been purchased. Four hundred cities and towns already are listed as having airports. Most of these have been built in the last 15 months and a competent estimate is that \$300,000,000 has been expended upon them. Existing plans call for the expenditure of an additional \$300,000,000 in the next 12 months with the rate augmenting every succeeding year.

The investment bankers of the country are friendly to airport projects and we are expecting to handle large bond issues to take care of their cost, for they believe they will be profitable. Excellent authorities have declared that the country is due for a tremendous investment in real estate enterprises and the construction of airports would come under this head. Local governments also may be expected to contribute money subsidies.

**Bishop Ignores Wealth to Serve Hill People**

Chicago.—Adventurous spirit of the missionary who sees a great opportunity for service is exemplified in the work of Bishop H. P. Almon Abbott of the Episcopal church. Offered the position of rector in the wealthy St. Chrysostom's church, in Chicago, with a yearly salary of \$20,000, he has decided to continue his toll in the hills of Kentucky at a salary of \$5,000.

Accordingly, he will take charge of church work in eastern Kentucky, embracing 20,000 square miles and one of the most difficult districts in the Episcopal program.

Many struggling hill country missions must be rejuvenated, there being few self-supporting parishes in the mountain zone. The bishop's headquarters will be at Lexington, Ky. His district includes 30 churches and missions, with 20 clergymen and 5,000 parishioners.

Bishop Abbott will probably have to add mule riding to his accomplishments, as some of the roads in his district are impassable otherwise. Leslie county, the most isolated area in the state, is in his jurisdiction.

Bishop Abbott has long been a leader in Episcopal church work. He was formerly rector of Christ Church cathedral, in Hamilton, Ontario. He has also held pastorates in Baltimore, Md., and Cleveland, Ohio.

**Electricity to Banish Candles in Ireland**

Dublin.—The dream of a young Irish engineer of banishing the centuries-old oil lamps and candles from remote Free State communities will be realized probably by the end of September, with the completion of a great electrical power plant on the banks of the River Shannon.

The new \$25,000,000 electrification plan of Dr. T. A. McLaughlin is rapidly nearing completion and engineers said the present schedule would permit installation of modern electric light and power facilities before winter sets in.

Small towns which never have known modern lighting and power systems will be brightened by electric lights next winter. To make it possible for even the poorest classes to enjoy the advantages of electricity, the supply board has wired houses on the installment payment plan at a cost as low as 12 cents a week.

**Galdys To Open Sunday.** The Galdy All-Stars will open their season Sunday at Block Park at 3 p. m., when they play the well known Fro-Joy Boys from Newburgh. Manager Schatzel will announce his line up Friday evening. Both clubs are fast and the game will undoubtedly be very interesting.

**League Delegates Clash on Air Fleets**

**Disarmament Commission Faced With Proposition of Fixing Trenching Distance for "Home" Forces.** Sharp Division Engaged.

Geneva, April 25 (AP).—The preparatory commission on disarmament today heard the first skirmish in the controversy over military parity between Italy and France. This was deemed here likely to reach considerable proportions in time.

Alberto De Marinis, Italian general and representative of Benito Mussolini, and Count Massigli, French delegate, clashed over the subject of division of air fleets into home and overseas forces.

In the light of Italy's expected contention when naval disarmament proposals reached the negotiation stage that she have a sea power equal to that of France this first clash created absorbing interest.

General Marinis urged a sharp division of airplanes at home and overseas so as to know exactly how many airplanes any country might have at its disposal at home and in time of crisis. He insisted upon fixing the distance within which aircraft would be regarded as belonging to home forces and though he did not mention Northern Africa the delegates got the impression he wanted French airplanes stationed in Morocco and other Mediterranean colonies estimated as home units.

Count Massigli objected to any

fixation of the criterion of distance and insisted this belonged to the domain of a possible later international conference on disarmament.

**HASBROCK MOVES LAW OFFICES FOR "DRY" FORCES**

J. DePuy Hasbrock, who for a number of years has occupied law offices on the second floor of the Freedman building at 233-240 Fair street today was engaged in moving his offices to the Warren building on Fair street. Since the fire which damaged the Warren building last winter the second floor has been reconstructed and is now ready for tenants.

Necessity for additional room in the enforcement office was responsible for Mr. Hasbrock seeking other quarters.

Minister of His Lord I am bigger than anything that can happen to me. All these things are over, misfortune and suffering, outside my door. I am in the house and I have the key.—Lansdown.

The office vacated by Mr. Hasbrock in the Freedman building have been leased to additional quarters for the local prohibition enforcement office which has occupied office room in the building for the past year.
